Professional Profile

Coordinator and facilitator of collaborative projects, I oversee the organization, stakeholder engagement, and project management related to space planning and its adaptation to its environment, audience, and architecture.
In parallel, as a **new media artist**, I create interactive installations and performances, as well as immersive works in virtual reality and mapping.

Professional Experience

Founder and Organizer
Zonneklopper - Durée indéterminée | Nov. 2019 - Actuel
In December 2020, a group of individuals and associations occupied a 10,000m² former factory in Brussels under a temporary lease. The goal: to create a self-managed space for living, hospitality, construction, and artistic creation, guided by justice, inclusion, and equality.
